Why are you interested in joining the board of Renew? How do you describe your commitment to sustainability? *

I have been on the Renew board for one term of two years through a difficult era of change. I believe Renew is now well positioned for the future and would be best served by stability and the board continuing the work it has begun.
My personal commitment to sustainability covers initiatives from house design, solar energy, electric vehicles, regeneration? and vegan diet.

How would you add value to the board of Renew? *

What skills, experience, networks or resources would you bring to Renew?

I believe Renew has the opportunity to reach many more conscious consumers in Australia and inspire, encourage and advocate for them to live more sustainable lives in their homes. I can assist Renew with strategies to be more relevant to these conscious consumers to increase its membership base and impact.
